

Main features of my website.

- A promotional business website that showcases an Ethiopian restaurant and its offerings.
- The website has a total of 9 HTML pages:
 - 4 main navigation pages: Home, Reservation, About Us, and Contact Us.
 - 5 embedded menu pages within Menu section:
 - ✓ Starter, Vegan Dishes, Meat Dishes, Desserts, and Drinks
- The Menu link in the navigation bar takes the user directly to the Starter section of the menu page (they are on the same page).
- The design uses a single CSS file for styling all pages, ensuring visual consistency.
- A responsive layout ensures the website works well on different screen sizes.
- The footer includes opening hours, contact info, and location.
- Simple and clean navigation helps users explore the site easily.
